

To Whom It May Concern:

I would like to express my great concern about the possibility of losing KLOVE in my area. I have listened to this station for years and it is truly the only station that I feel comfortable leaving on around my daughter. In fact, it is the only station that has been on our home radios in over 6 months.

I know that there are no lyrics that will expose her to wrong or unpure ideas and no mindless or potentially offensive drabble from average DJs for me to worry about. The people on the air at KLOVE are Christians who I respect and have grown to care about.

I know that my daughter uses KLOVE as a tool to reach others with the word of God and enjoys talking with her friends about things they've heard as if the station is another friend.

I am personally encouraged everyday by KLOVE and would stop listening to all music bearing stations if KLOVE were not available. I know that I am not the only person that feels this way about KLOVE.

I plead with you to do all that you can to keep KLOVE on the air, not only in my area, but all over the country. I was not saved the first time I found KLOVE. The music and the love of God expressed through the people on the air touched me and changed my life. Please do all that you can to give others who are unsaved the same chance to *stumble* across KLOVE and **find** God.

Sincerely,
